A Band 8 that the student says they didn't expect

An IELTS student: coaching, mocks and section-by-section guidance before university applications.

Service	IELTS coaching with mock tests
Test format	Computer-delivered IELTS
Result	Band 8, used for university applications

What we did

- Full mock tests.
- Guidance, section by section, on exactly what the student needed to improve.
- Personal attention to each student. The student called this the difference.

The result

Band 8. In the student's words, it was more than they expected of themselves, and it made their university applications much stronger.

> *"They have given me mocks and given me through and through guidance for each section that I needed to develop on. I think it's the personal touch they give every student that makes them really good for IELTS coaching."*
> *IELTS student, in their own words*

Is this you?

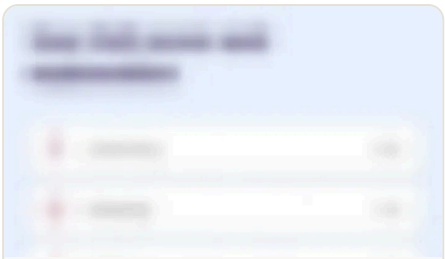

Start with one full mock test. You'll know your real band and which section to fix, before you spend on coaching or the exam fee.

WhatsApp +91 90353 66635 and ask for a mock test.
