Service	Germany admissions, start to finish, on our 23-step Success Tracker
Destination	Germany (RPTU Kaiserslautern-Landau)
Starting point	Unsure she could get in: a friend with a similar profile had applied to 10+ universities and been rejected by all of them
Result	Admission, German student visa, and in Germany since 2026

Where she started

When Shivanshi first came to meet us, she was not sure she would get an admission at all. A friend with a profile like hers had applied to more than ten universities and been rejected by every one. So the question was never "Can I?" It was "What did my friend get wrong, and how do I not repeat it?"

What we did

We took her through all 23 steps of our Success Tracker, one at a time:

- **Shortlist from her profile,** not from a list of famous names.
- **Applications, step by step,** with her Statement of Purpose and documents checked before they went out.
- **German classes:** she completed A1 German with us.
- **Blocked account and Germany-specific rules,** explained in detail, so nothing surprised her at the visa stage.
- **Visa queries** answered as they came up.
- **After the admit:** accommodation planning, pre-departure guidance and practical tips for settling in.

The result

Admission to RPTU Kaiserslautern-Landau, and a German student visa. She flew to Germany in 2026.

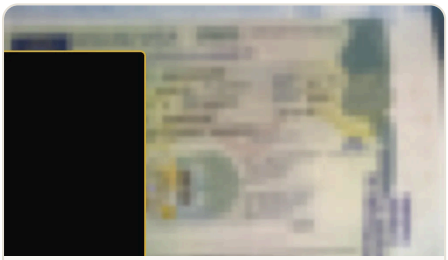

> *"Karan Sir and Pratik Sir were genuinely helpful throughout the whole process from shortlisting the right universities based on my profile, to guiding me step by step with applications, SOP preparation, documentation, and even visa-related queries specific to Germany."*
>
> *"What I appreciated the most was how organised and transparent everything was, especially with detailed blocked account, and other country-specific requirements. It really allowed me to focus on the important decisions instead of getting overwhelmed."*
>
> *"They go beyond just the basics and actually make sure you're well-prepared for the entire journey, not just getting the admit."*
>
> *Shivanshi Agarwal, in her own words (5-star Google review of Reknown Edu Services®)*
